H.R.82

Social Security Fairness Act of 2021

This bill repeals provisions that reduce Social Security benefits for individuals who receive other benefits, such as a pension from a state or local government.

The bill eliminates the *government pension offset*, which in various instances reduces Social Security survivors' benefits for spouses, widows, and widowers who also receive government pensions of their own.

The bill also eliminates the *windfall elimination provision*, which in some instances reduces Social Security benefits for individuals who also receive a pension or disability benefit from an employer that did not withhold Social Security taxes.

These changes are effective for benefits payable after December 2021.
